CARE AND MAINTENANCE - UPHOLSTERY

All upholstery in our range is hand-made using solid, beech wood frames. Different quality foam, fabrics or leather may be used, as well as different paints or lacquers for the legs. Regardless of the chosen material or finish, damages can happen if treated carelessly and caution must be taken regarding grime, grease and liquids.

Please follow below care instructions to enjoy your upholstery to the fullest:

- * Flip, rotate and fluff removable cushions regularly to ensure even wear and increase longevity.
- * Tight, attached seat and back cushions will stretch and wrinkle with use. You can easily restore their appearance by smoothing the surface and tucking excess upholstery into the sides of the seat or back.
- * To minimize fading, we recommend placing your upholstered pieces where they won't be exposed to direct sunlight.
- * Because dust and dirt cause upholstery to wear faster, we recommend vacuuming regularly with an upholstery attachment. Also vacuum before cleaning in any form.
- * For spot cleaning, use a cleaning product that corresponds with your fabric or leather. Test any cleaner in an inconspicuous area first. Never use spot cleaners containing bleach or alcohol.
- * You'll get the best results if you treat stains immediately. Blot up as much of the spill as possible with a clean, dry, white cloth. Don't rub.
- * For persistent stains and overall cleaning, contact a professional upholstery cleaning company.
- * An annual professional cleaning will keep your upholstery looking its best.

The photographs in the catalogue and on the website do not always faithfully reproduce paint and stain colours. The dimensions in our catalogue and on the website are taken from the widest outside points. They have been provided by the Seller in the belief that they are as accurate as reasonably possible, but they do not constitute a description of the goods and are not warranted to be accurate. When exact dimensions are needed, please advise us when placing the order.

We reserve the right to make any change in design without prior notice.
