Chic Collection

A Touch of Glamour, A Dash of Versailles

If furniture could *flirt*, the **Chic Collection** would be the ultimate charmer. With its gracefully curved legs — a nod to the ornate styles of **Louis XV and Rococo elegance** — each piece invites you to indulge in a world of **timeless glamour and modern sophistication**. Think Versailles, but make it effortless.

Available in a range of **vibrant, contemporary colors**, this collection blends **palatial charm with everyday comfort**, turning any space into a statement. Whether you're drawn to the romance of soft pastels or the drama of deep jewel tones, Chic is designed to dazzle. Because your home deserves a little extravagance—*without the royal budget.*

Directoire Collection

Tradition with a Bold Twist

Classic, but never predictable — the **Directoire Collection** takes traditional design and gives it a **modern, sophisticated edge**. Inspired by the refined elegance of **French Directoire style**, these pieces feature **ornate detailing and timeless craftsmanship**, but with a fresh, contemporary attitude.

Available in **bold, unexpected colors**, this collection transforms tradition into **a playful, statement-making moment**. Whether you lean into its historical charm or mix it with modern elements, Directoire brings **depth, character, and a touch of Parisian flair** to any space. Because elegance should never feel outdated—it should feel alive.

Oak Collection

Timeless Strength, Effortless Style

Meet the **Oak Collection** — where solid oak takes center stage, bringing **strength, warmth, and sophistication** into your home. Crafted from **premium hardwood**, these pieces aren't just furniture; they're **investments in beauty and durability**, designed to stand the test of time.

With a natural elegance that **effortlessly bridges eras**, this collection nods to the clean lines of **Mid-Century Modern design**, yet feels right at home in **contemporary, sleek interiors**. Whether paired with minimalist décor or used as a grounding element in a bold space, the Oak Collection is proof that true style is **built to last**.

Classic Collection

Timeless, Versatile, Effortlessly Charming

Some styles never fade — they simply evolve with you. The **Classic Collection** is the heartbeat of a warm, welcoming home, where **tradition meets versatility**. Rooted in timeless design, these pieces bring a sense of **refinement and comfort** to any space, from the **living room to the dining area, even the bedroom**.

What makes it special? **Endless adaptability**. Play with colors, mix it with modern accents, or let it shine in its elegant simplicity. Whether you're hosting guests or enjoying a quiet evening, the Classic Collection turns any house into a **home filled with character, sophistication, and effortless charm**.

The Prestige Collection

Where Craft Meets Culture

A great bar is more than a place to serve drinks — it's an **experience, a statement, a destination**. The **Prestige Collection** is designed for **bars, hotels, cafés, lounges, and reception spaces** that demand both **function and flair**. Whether you're crafting a perfectly balanced cocktail in a **luxury hotel bar**, setting the mood for an **intimate speakeasy**, or designing a **welcoming café counter**, these pieces turn any space into **the heart of the conversation**.

With **rich, statement-making colors** and a design that blends **timeless craftsmanship with contemporary elegance**, the Prestige Collection ensures that every sip, every gathering, and every moment is framed by an atmosphere of **effortless sophistication**. Because in the world of hospitality, the right setting is just as important as what's being served. **Cheers to creating spaces that guests will never forget!**

Shutter Collection

Open Up to Style, Embrace the Mystery

Windows have stories to tell — sometimes they invite the world in, sometimes they keep secrets within. The **Shutter Collection** takes inspiration from this **timeless balance of openness and mystery**, bringing the charm of classic shutters into beautifully crafted furniture.

With **textured slats and refined detailing**, each piece adds **depth, character, and a touch of intrigue** to your space. Whether in bright, airy tones for a breezy feel or rich, moody hues for a more dramatic effect, this collection lets you **curate your home's personality — boldly expressive or subtly enigmatic**. After all, the best interiors, like the best stories, always leave something to the imagination.

Slatted Collection

Texture, Depth, and Timeless Appeal

Some designs **whisper elegance**, and the Slatted Collection is one of them. With **clean lines and rhythmic slats**, it adds texture, depth, and a play of light and shadow to any space.

The fronts — doors and drawers — are made from **solid pine**, while the structure is crafted from **durable MDF**. A **soft-close system** ensures smooth, silent use, enhancing the collection's refined feel.

Whether your style is modern and minimal or warm and natural, these pieces bring a calm sophistication that **stands out quietly but confidently**.

Rustic Haven Collection

Timeless, Versatile, Effortlessly Charming

If rustic style took a deep breath and **embraced minimalism**, you'd have the Rustic Haven Collection. With clean lines, subtle textures, and a fresh, unfussy feel, it’s a new take on tradition — built for those young at heart who love **the warmth of natural materials without the weight of heavy design.**

Solid pine doors and drawers bring character, while durable **MDF bodies keep things light and practical.** The result? A collection that feels grounded but never old-fashioned. It’s rustic, but make it sleek.

Because coziness doesn’t have to be cluttered — and timeless can still feel new.

COAT HANGERS & MIRROR FRAMES

First Impressions Matter

Your **entryway** sets the tone for your home — so why not make it unforgettable? A well-placed **mirror frame** adds instant elegance (and a last-minute outfit check), while a **coat hanger** ensures guests aren't left awkwardly draping their jackets over chairs. Functional, stylish, and sometimes a little dramatic—because first impressions count.

Designed for both style and convenience, our pieces can feature a **soft-close system** for a smooth, silent touch. Plus, you can personalize your look by **choosing a top crafted from either oak or pine wood.**

Crafted in the Heart of Transylvania

Because Machines Cut, but People Create.

Our factory hums with technology, but it’s our people who give life to every product. Local hands, sharp minds, and proud hearts turn raw materials into pieces that carry stories into homes across Europe. Around here, the real production line runs on passion, teamwork, and a bit of Transylvanian wit.

Where Heritage Meets Modern Craftsmanship

Because Wood Is Only Wood—Until We Shape It.

We don’t just cut boards—we read their stories. Our craftsmen blend instinct and skill to shape wood into something that feels right, looks right, and lasts. Around here, wood speaks—and we know how to listen.

Guide to Finishes

Because Details Matter

Our products are primarily made of **pine, oak, and combinations of the two**; the code "**PS**" refers to items made of **pine**, while "**OPS**" indicates products made of **oak**.

The right **finish** can transform a piece of furniture from **simply beautiful to absolutely breathtaking**. Whether you're a fan of raw authenticity, rich textures, or bold color contrasts, our finishes bring out the **soul of the wood**, enhancing its beauty while ensuring

RAW FINISH - A Blank Canvas for Your Creativity

For the DIY dreamers and hands-on creators — our **Raw Finish** is **sanded to perfection**, waiting for your personal touch. We hand-select **only the finest wood**, ensuring a **smooth, pure surface** with no impurities or uneven tones. Whether you want to stain it, paint it, or leave it in its **natural, raw beauty**, this finish is an **open invitation to make it yours**.

WAXED FINISH - Warm, Vintage, and Full of Character

Soft, warm, and nostalgic — the **Waxed Finish** brings out the natural charm of wood with a l**uxurious blend of premium wax and stain** imported from the UK. More than just a finish, it's a time machine — **evoking memories of antique furniture, country homes, and cozy evenings**. Its versatility means it pairs beautifully with **almost any color palette**, giving your space a **classic yet effortlessly stylish** feel.

When **choosing the colors** for the furniture, always choose by **using the wooden color samples provided**, because printed or **screen colors** (PC / Laptop / Portable) **may vary**!

PAINTED FINISH - Color Meets Craftsmanship

The **most beloved** finish at Szel-Mob—and for good reason! Using the **latest technology**, our furniture is painted **twice** for an **ultra-smooth, glossy surface**, while still allowing the natural beauty of the wood to subtly shine through. **Non-toxic, eco-friendly, and kid-safe**, our premium **water-based paints** come in an **exquisite palette of 36 shades** — from soft pastels to deep, dramatic hues.

PAINT ANTIQUE - The Art of Timeworn Beauty

Some things only get better with age—or at least, they should look like they do! Our **Paint Antique** finish takes any **Painted color** and adds a touch of vintage charm. Through an exclusive **hand-distressing technique**, the edges are subtly **scraped and polished**, revealing just a whisper of the natural wood underneath. The result? **One-of-a-kind, timeworn elegance** that feels like it holds stories of the past, while still fitting beautifully into the present.

DOUBLE COLOR - Contrast that Captivates

Why settle for just **one** color when you can have **two**? The **Double Color** finish lets you play with bold contrasts — choose **one color for the exterior, another for the interior**, or **mix it up with different shades for the tabletop and furniture body**. This finish is a playground for creativity, letting you mix and match **Painted, Waxed, Brushed, or even Deep Brushed finishes** to craft a piece that's as **bold and original as you are.**

When **choosing the colors** for the furniture, always choose by **using the wooden color samples provided**, because printed or **screen colors** (PC / Laptop / Portable) **may vary**!

MULTICOLOR - The Life of the Party

For those who believe that **more is more**, our **Multicolor finish** turns furniture into a **work of art**. Perfect for statement **chests of drawers**, each drawer gets its **own unique color**, while the body and top feature complementary shades. Whether you go for a **harmonious pastel palette or a bold mix of bright hues**, this finish brings a sense of **joy, playfulness, and undeniable charm** to any room.

STAINED & LACQUERED - Natural Beauty, Amplified

For those who love the **rich, organic texture of wood**, the **Stained & Lacquered** finish enhances the **natural grain** while adding depth and dimension. **Softwood woods** are treated with a **delicate staining process**, where the pigments are absorbed unevenly — **highlighting the beautiful contrasts within the grain**. After careful sanding, a final layer of **lacquer adds durability** and a polished touch, creating a **surface that's as stunning as it is strong**.

OAK FINISHES - Elegance in Eight Shades

Some woods don't need much — they just need the **right touch**. Our **Oak Finishes** come in **eight rich, refined shades**, specially designed for solid oak furniture. Whether **oiled or lacquered**, these finishes bring out the **depth, texture, and natural luxury** of oak, making it a statement in any space. Oak tops are available as standard in these finishes, but if you want an **all-oak masterpiece**, just reach out — we'll make it happen.

BRUSHED - Texture You Can Feel

The **Brushed finish** is all about texture — **wood grain, enhanced**. Through an **exclusively handmade process**, the surface is gently brushed, bringing out the natural fibers in a way that's both **visually stunning and incredibly soft to the touch**. The result? A **perfectly imperfect, subtly aged look** that adds depth and character. Available in **2 elegant vintage shades**, this finish **whispers sophistication**.

DEEP BRUSHED - The Raw, Real Feel of Wood

If **Brushed** is subtle, **Deep Brushed** is its **bold, untamed cousin**. Using **state-of-the-art mechanical brushing technology**, we remove the soft parts of the wood's annual growth rings, leaving behind a **deeply textured, rugged surface** that feels **solid, durable, and beautifully raw**. Finished with **stain, patina, and a protective lacquer or oil**, this finish enhances **the strength and natural beauty of solid wood**, making every piece **tough, resilient, and effortlessly stylish**.
